Friends of Howes

February 2010

TRIPS, TRIPS AND MORE TRIPS!

Lots of Enjoyable and Educational trips have happened with the support of Friends of Howes funds already since September.

Because of all the support you have given at the different Friends of Howes events, several important trips for the children have already taken place.

Year 5 visited The Space Centre - TOPIC ON SPACE

Year 3 visited Cadbury World - TOPIC ON AZTECS

Year 6 visited Enginuity (Ironbridge Museums) - TOPIC ON BRIDGES

We went to Enginuity because we were doing a topic about bridges. When we were there, we made our own bridges on the special computer programmes at the museum and then made our designs out of art straws. It was good because we had fun and it helped us learn more about construction and forces on bridges.

They had more information about the topic. We looked on the internet at school, but when we went there, they had props and activities to do. This was good because we were doing stuff instead of just sitting down looking at a book or computer.

I always like going on trips because they are always a good experience and we don't have to just sit at school.
